Opis produktu

Backpack BLACK

Trainable backpack made of 1680D polyester and PU, adapted to different capacity needs thanks to its expansion system. It features a large main compartment with zipper. It has a padded pocket for a 15" laptop and a separate compartment for a 10" tablet, which provides additional protection during transport. In addition, it has inner mesh pockets. The rack-and-socket expansion system allows for a significant increase in capacity. The padded back features an anti-theft pocket with zipper and straps to attach to the baggage cart, making it easy to use at airports and when traveling. It completes its design with padded and adjustable shoulder straps that provide greater comfort during transport.
