Producent	**NEOESP**

Opis produktu

Antibacterial Straw WHITE

Silicone straw, 25,5 cm length. Flexible and reusable, with a solid finishing. Presented in an antibacterial PP case with solid finishing and in an individual bag. Products with antibacterial treatments are able to drastically reduce the bacterial levels present on the surfaces of the materials, thanks to the addition of permanent static microbial agents, with high effectiveness in inhibiting and preventing bacterial contamination. Item according to the ISO 22196 standard, which determines the antibacterial activity in plastic materials and non-porous surfaces. This allows us to know the effectiveness of microbial inhibition that additives have on treated objects by means of a quantitave evaluation.

Typ: Antibacterial Straw | **Materiał:** Silicone | Reusable

↻ Widok 360°

Produkt posiada dodatkowe opcje:

Kolor: White
Brand: Makito
