Opis produktu

Pen SILVER

Eco-friendly ball pen manufactured in recycled aluminum, whose origin lies in the almost infinite reuse of one of the materials with the greatest potential for recyclability, while retaining its original properties. This factor makes it an eco-friendly material of recycled origin and easily recyclable. In addition, the residues obtained during the recycling process can be recovered to obtain new reusable resources, consuming less energy in its manufacturing phase, among other sustainability factors. Push-button mechanism, and available in a wide range of metallic colors, with chrome-plated accessories. Metallic clip, blue ink and recycled aluminum logo on the upper part of the ball pen. GRS (Global Recycled Standard) certification, guaranteeing the recycled origin of the material used to manufacture the product.
