Opis produktu

Antibacterial Keyring Anticontact WHITE

Hygienic, antibacterial and anti-contact safety key ring, made of resistant ABS with a solid finishing. Specially designed to avoid touching public usage surfaces with your hands (door handles, switches, public use taps, ATMs...). With comfortable cut-out for the finger and presented in an individual bag. Recommended for pad printing.Products with antibacterial treatments are able to drastically reduce the bacterial levels present on the surfaces of the materials, thanks to the addition of permanent static microbial agents, with high effectiveness in inhibiting and preventing bacterial contamination.Item according to the ISO 22196 standard, which determines the antibacterial activity in plastic materials and non-porous surfaces. This allows us to know the effectiveness of microbial inhibition that additives have on treated objects by means of a quantitave evaluation.

Typ: Antibacterial Keyring Anticontact

↻ Widok 360°

Produkt posiada dodatkowe opcje:
