Opis produktu

Power Bank

External auxiliary battery made of bamboo, with a charging capacity of 2,200 mAh. Easy to carry thanks to its small size, with USB and Type C output and input. Specially designed for laser engraving. Includes Micro USB cable and comes in an attractive design box. Instructions manualin English and Spanish.Materials such as bamboo encourage the use of natural raw materials, reducing pollutant emissions. It comes from a highly resistant and versatile plant with rapid growth and regeneration, making of it an excellent alternative to traditional wood.The capacities shown in all our external auxiliary batteries are real, all of them incorporating non-recycled, grade A batteries, with a service life of at least 500 charging cycles, and complying with CE regulations. In addition, they are manufactured according RoHS standards, and in compliance with the following safety requirements: Power bank overcharge protection system. Complete discharge protection system, which increases the durability of the power bank. Blocking system to prevent short circuits. Constant charging transfer system, in accordance with the capacity of the target device.
