Opis produktu

Towel Pareo GREY

Soft pareo-towel of 300 g/m², made from a combination of recycled cotton and recycled polyester SEAQUAL. Its design features a white base combined with colored stripes and distinguished fringes at the ends. Includes SEAQUAL design label, certifying its sustainable origin and contribution to ocean cleaning. The SEAQUAL INITIATIVE works with collaborators and authorities to help clean our oceans. Marine waste from our beaches, ocean floors, and surfaces, rivers, and estuaries is collected through cleaning programs. It is then sorted into different types of materials, and the plastic portion is cleaned and transformed into RECYCLED MARINE PLASTIC, a fully traceable raw material that creates sustainable and inspiring products. By choosing products that contain RECYCLED MARINE PLASTIC, you are helping to clean our oceans. TOGETHER FOR A CLEAN OCEAN.
